are superior beings of light that help humans channel the energy of the universe and no matter what religion you may practice they're here to help you. By understanding the powers of the archangels and learning how to channel their light you can gain clarity and control over your own life. In Angel Spirit Guides Part I you'll learn what three of the archangels have to offer and how to channel their energies. Throughout the ages traditional folklore has spoken of guardian angels as spirits who guide and protect human beings. In modern times however their existence has largely been written off as myth and superstition. Based on his personal experience and cognition Rudolf Steiner speaks of guardian angels and other spiritual beings as a reality. Their existence he says is a spiritual and scientific fact which can be fruitfully researched and studied through clairvoyant means. Furthermore working consciously with these entities can assist each of us in fulfilling our evolutionary goals. In these six specially selected lectures Rudolf Steiner elucidates the role of the guardian angel and also discusses our relationship to the heavenly hierarchies of spiritual beings as a whole and how they shape our human form as a result of their cosmic activity.
