About the Novel: *Animal Farm* is an allegorical satire that recalls the Russian Revolution in which the unhappy animals of Manor Farm rise up against humanity. In Willingdon, England, Mr. Jones runs the neglected Manor Farm. His animals are not happy with their living conditions. One night, old Major calls on the other animals to overthrow the humans. He teaches them a revolutionary song called "Beasts of England." When he dies, conditions on the farm continue to deteriorate to the point where the animals decide

to rise up They chase the humans off the farm and rename it Animal Farm Two pigs named Snowball and Napoleon take control and immediately adopt a set of seven commandments they call Animalism The farm runs smoothly until bit by bit these commandments are broken by the pigs Through propaganda the pigs continue to keep control over the farm even when the other animals start to question their actions The story continues down a rabbit hole that inevitably shows the pigs are no different than the humans
