According To Mark:

The Gospel According to Mark George Martin,2005 At the heart of this book is a verse by verse exposition of the New American Bible text of Mark s Gospel Interspersed throughout the text are dozens of short essays giving the social political economic and religious background and questions for reflection **The Gospel according to Mark** James R.

Edwards,2001-11-08 This new Pillar volume offers exceptional commentary on Mark that clearly shows the second Gospel though it was a product of the earliest Christian community to be both relevant and sorely needed in today s church Written by a biblical scholar who has devoted thirty years to the study of the second Gospel this commentary aims primarily to interpret the Gosepl of Mark according to its theological intentions and purposes especially as they relate to the life and ministry of Jesus and the call to faith and discipleship Unique features of James Edwards s approach include clear descriptions of key terms used by Mark and revealing discussion of the Gospel s literary features including Mark s use of the sandwich technique and of imagistic motifs and irony Edwards also proposes a new paradigm for interpreting the difficult Little Apocalypse of chapter 13 and he argues for a new understanding of Mark s controversial ending **According to**
