Accounting Information Systems Australasian Edition Marshall Romney, Paul Steinbart, Joseph Mula, Ray McNamara, Trevor Tonkin, 2012-10-24 At last the Australasian edition of Romney and Steinbart's respected AIS text Accounting Information Systems first Australasian edition offers the most up to date comprehensive and student friendly coverage of Accounting Information Systems in Australia, New Zealand and Asia. Accounting Information Systems has been extensively revised and updated to incorporate local laws, standards and business practices. The text has a new and flexible structure developed especially for Australasian AIS courses while also retaining the features that make the US edition easy to use. Key concepts such as systems, cycles, controls, auditing, fraud and cybercrime, ethics and the REA data model are brought to life by a wide variety of Australasian case studies and examples. With a learning and teaching resource package second to none, this is the perfect resource for one semester undergraduate and graduate courses in Accounting Information Systems.

Financial Accounting, 12th Edition John Hoggett, John Medlin, Keryn Chalmers, Claire Beattie, Andreas Hellmann, Jodie Maxfield, 2024-02-12 A benchmark Financial Accounting text over the past 30 years, Hoggett's Financial Accounting has been refreshed in this twelfth edition. A must have for students who want to succeed in their unit and leave with a rich foundation of technical knowledge for their future study and accounting career, the text focuses on accounting from the perspective of a financial statement preparer. With two versions being published, Hoggett's Financial Accounting can be used for either the typical one semester course or Hoggett's Accounting, with six additional introductory management accounting chapters that can extend to two semesters. The eBook edition of Financial Accounting 12th Edition features a range of instructional media content designed to provide students with an interactive and engaging learning experience. This unique resource can also form the basis of a blended learning solution for lecturers.

Healthcare Valuation, The Financial Appraisal of Enterprises, Assets, and Services Robert James Cimasi, 2014-03-24 A timely look at the healthcare valuation process in an era of dynamic healthcare reform, including theory, methodology and professional standards. In light of the dynamic nature of the healthcare industry sector, the analysis supporting business valuation engagements for healthcare enterprises, assets and services must address the expected economic conditions and events resulting from the four pillars of the healthcare industry: Reimbursement, Regulation, Competition and Technology. Healthcare Valuation presents specific attributes of each of these enterprises, assets and services, and how research needs and valuation processes differentiate depending on the subject of the appraisal, the environment, the property interest exists and the nature of the practices. Includes theory, methodology and professional standards, as well as requisite research, analytical and reporting functions in delivering healthcare valuation services. Provides useful process tools such as worksheets and checklists, relevant case studies, plus a website that will include comprehensive glossaries and topical bibliographies. Read Healthcare Valuation for a comprehensive treatise of valuation.
