 Brune,1993      *American Encounters with Arabs* William A. Rugh,2006 For sixty years U S government officials have  
 conducted public diplomacy programs to try to reach Arab public opinion to inform educate and understand Arab attitudes  
 American public affairs officers have met serious challenges in the past but Arab public criticism of the United States has  
 reached unprecedented levels since September 11 2001 Polls show that much of the negative opinion of the United States  
 especially in the Middle East can be traced to dissatisfaction with U S foreign policy Rugh a retired career Foreign Service  
 officer who twice served as ambassador to countries in the region explains how U S government officials have dealt with key  
 problem issues over the years and he recommends ways that public diplomacy can better support and enhance U S national  
 interests in the Middle East This struggle for the hearts and minds of the Arab world so crucial to the success of American  
 efforts in post occupation Iraq is carried out through broadcasting cultural contacts and educational and professional  
 exchanges Rugh describes the difference between public diplomacy and propaganda He points out that public diplomacy  
 uses open means of communication and is truthful Its four main components are explaining U S foreign policy to foreign  
 publics presenting them with a fair and balanced picture of American society culture and institutions promoting mutual  
 understanding and advising U S policy makers on foreign attitudes Public diplomacy supports the traditional diplomatic  
 functions of official business between governments Whereas diplomats from the United States deal with diplomats of foreign  
 governments public affairs officers deal with opinion leaders such as media editors reporters academics student leaders and  
 prominent intellectuals and cultural personalities Rugh provides an up close and personal look at how public affairs officers  
 do their jobs how they used innovation in their efforts to meet the challenges of the past and how they continue to do so in
