Alain Essais Documents:

Simone Weil and the Politics of Self-denial Athanasios Moulakis,1998 Because it is impossible to distinguish Weil's life from her thought her writings cannot be understood properly without linking them to her life and character By situating Weil's political thought within the context of the intellectual climate of her time Moulakis connects it also to her epistemology her cosmology and her personal experience

The Oxford Handbook of Montaigne Philippe Desan,2016 Montaigne's Essays resemble a patchwork of personal reflections but they engage with questions that animate the human mind and tend to a single goal to live better in the present and to prepare for death For this reason Montaigne's thought and writings have been a subject of enduring interest across disciplines This Handbook brings together essays by prominent scholars that examine Montaigne's literary philosophical and political contributions and assess his legacy and relevance today in a global perspective It presents Montaigne's Essays not only in their historical context but also as a starting point for discussing issues that concern us today

Walter Pater's European Imagination Lene Østermark-Johansen,2022-08-08 Walter Pater's European Imagination addresses Pater's literary cosmopolitanism as the first in depth study of his fiction in dialogue with European literature Pater's short pieces of fiction the so called imaginary portraits trace the development of the European self over a period of some two thousand years They include elements of travelogue and art criticism together with discourses on myth history and philosophy Examining Pater's methods of composition use of narrative voice and construction of character the book draws on all of Pater's oeuvre and includes discussions of a range of his unpublished manuscripts essays and reviews It engages with Pater's dialogue with the visual portrait and problematises the oscillation between type and individual the generic and the particular which characterises both the visual and the literary portrait Exploring Pater's involvement with nineteenth century historiography and collective memory the book positions Pater's fiction solidly within such nineteenth century genres as the historical novel and the Bildungsroman while also discussing the portraits as specimens of biographical writing As the Ur texts from which generations of modernist life writing developed Pater's imaginary portraits became pivotal for such modernist writers as Virginia Woolf and Harold Nicolson Walter Pater's European Imagination explores such twentieth century successors together with French contemporaries like Sainte Beuve and followers like Marcel Schwob

Library,1970 **When I Am Playing With My Cat, How Do I Know She Is Not Playing With Me?** Saul Frampton,2011-01-20 In the year 1570 at the age of thirty seven Michel de Montaigne gave up his job as a magistrate and retired to his chateau to brood on his own private grief the deaths of his best friends his father his brother and most recently

his first born child But finding his mind agitated rather than settled by this idleness Montaigne began to write giving birth to the Essays short prose explorations of an amazing variety of topics And gradually over the course of his writing Montaigne began to turn his back upon his stoical pessimism and engage in a new philosophy of life in which living is to be embraced in all its sensory exuberant vitality the smell of his doublet the pleasures of friendship the intelligence of his cat and the flavour of his wine Saul Frampton offers a celebration of perhaps the most joyful and yet profound of all Renaissance writers whose work went on to have a huge impact on Shakespeare and whose writings offer a user s guide to existence even to the present day
