**The Modern Alchemist** Richard Miller, 1998-10-08 Traditional religions with their emphasis upon ritual and belief often fail to meet the spiritual needs of contemporary individuals. Nonetheless, the direct experience of life's sacred dimension yields many positive results for the human personality and inner spirit. The Modern Alchemist has a great deal to say to those who are seeking spiritual nourishment in the modern age. It is a first-hand experiential guide to the process which medieval alchemists represented as the transformation of lead into gold or lower substances into higher ones. To Richard and Iona Miller, the transformation goes much further than that; it is an inner change which leads to wholeness.

integration and flowering of the total personality Using the language of depth psychology as well as alchemy they show how we can actualize our birthright and become consciously involved in the natural transformative process In this way we can find a more intimate connection with the guiding nurturing powers of the universe and the lost parts of ourselves
