A blackout is not the same as passing out. A blackout is when a person is unable to remember what they did when they were drinking because his or her hippocampus was impaired.

It can take up to 2 hours for your body to get rid of the amount of alcohol in one standard drink.

After the first few drinks, people often report feeling in a "good mood", partially because alcohol has started to effect the brain. At this point, they should slow down to avoid feeling the negative effects of alcohol.

After people have been drinking, it's harder to make safe decisions about not drinking and driving. Motor coordination and judgment are impaired, and it can be harder to react to dangers on the road. It can take up to two or more hours to get rid of the alcohol in one standard drink, so a person will need to wait a whole lot longer to sober up than one hour.

To avoid a situation where someone is tempted to drive after drinking, you could:

A. Call ahead for a taxi to pick up you or your friends; B. Get a sober designated driver to drive everyone home; C. Check to see if your school has a safe ride program; D. All of the above *

Which of the following activities can cause your BAC to rise quickly:

A. Playing drinking games; B. Drinking shots; C. Pregaming; D. All of the above *

After people have been drinking:

A. They will have a harder time making safe decisions about not drinking and driving; B. They need to leave 1 hour to sober up before attempting to drive; C. They should have some caffeine to sober up; D. Both A and B *

Which of the following statement(s) are always true about alcohol:

A. The higher BAC rises, the harder it can be for people to control their actions; B. The higher BAC rises, the greater the chance of feeling tired, depressed, or nauseous; C. Alcohol has no affect on some people; D. Both A and B *

When trying to convince a friend not to drive after drinking, you should try:

A. Talking to your friend in private so he or she won't get embarrassed; B. Finding a reason for him or her to stay at the party; C. Both A and B *; D. Neither A nor B
