[Challenges and Opportunities for Women, Parenting, and Child Development](#) Silton, Nava R., 2024-07-22 In contemporary academia, the multifaceted roles of women and the unique challenges they encounter throughout their lives and motherhood are often understudied and overlooked. Issues ranging from everyday struggles faced by immigrant women to the profound effects of domestic abuse, disability, and disordered eating on maternal well-being and child development persist in the shadows of scholarly exploration. **Challenges and Opportunities for Women, Parenting, and Child Development** is a groundbreaking book that fills the void in academic literature, offering a comprehensive exploration of women's lived experiences, strengths, and vulnerabilities in the present day. It provides a holistic perspective on women's roles in society and motherhood, from their early development to the unique challenges they face during pregnancy, infertility, and raising children with disabilities. Scholars, researchers, and individuals interested in the intricate study of women, motherhood, femininity, and child development will find this book to be an invaluable resource.
