Abstract: An encyclopedia of food, wine and cookery outlines in dictionary form the culinary principles and techniques of French cuisine as they have evolved through history. Alphabetized entries give the etymology and definition of culinary terms, describe the origin of foods and gastronomic folklore, and offer many recipes for different dishes. Anecdotes, photographs and over 1 000 illustrations are informative and colorful. The comprehensive text provides a ready reference on all subjects and persons connected with food and drink or the arts of the table. This new edition reflects current knowledge from dietetics, modern cooking methods, new laws pertaining to wines and new food and wine associations which have recently been established.

Sauces reflexions of a chef Yannick Alléno, Vincent Brenot, 2014-05-14 Mixing the humorous with the erudite, this book is stuffed with tasty anecdotes from the history of sauce making in France. It is also a cry from the heart, deplored the disappearance of the great French sauces from our plates. For they were banished during the second half of the last century when they were found guilty of dietary heresy. The pioneering chef Yannick Alléno lifts the veil on cutting edge techniques that enable a chef to create a sauce like a winemaker produces a great vintage. These new sauces lie at the heart of Alléno's cuisine moderne. Along the way the reader is taken on a fascinating historical journey from antiquity to the future and through the very DNA of French cuisine.
