Writing for Tourism and City Branding Charlie Mansfield, Jasna Potočnik Topler, 2022-12-30 Travel Writing for Tourism and City Branding is an insightful expert led book which provides tourism students with a practice based approach to producing researched literary travel writing on an urban destination using the writing process as a research tool in itself The book is scientifically supported with full academic references for researchers On a global basis city councils and destination managers are seeking new ways to commission and sponsor professional content authors as part of place branding projects for tourism development Given the increasing prevalence of such content within the tourism industry this book provides a cohesive overview of literary travel writing presenting it as an enquiry process that can be applied by writer researchers to spaces that have value to them Travel writing is presented as a methodological practice that researchers can learn and apply to their own projects both in academic settings and in commercial city branding Examples of literary travel writing are carefully examined throughout and their affects refracted through further work Enriched with a wealth of case studies chapters are presented in such a way that readers can take the work as a model for their own projects This informative and practical volume will be of great interest to students of tourism marketing destination marketing place branding and travel writing as well as current creators of commercial tourism marketing content **Travel, Tourism, and Identity** Gabriel R. Ricci, 2017-09-29 Travel Tourism and Identity addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups Whether such contact is the result of tourism seeking exile or relocating abroad the volume's contributors demonstrate how one's identity cultural assumptions and worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between

himself and the new society is fairly easy. In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions. The contributors argue that making these adjustments will surely enhance the traveller's or tourist's experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him. This latest volume in the Culture Civilization series features a collection of essays on travel and tourism. The essays cover a range of topics from historical travels to modern social identities. They discuss ancient travels, contemporary travels in Europe, Africa and sustainable eco tourism and the politics of tourism. Essays also address experiences of Grenada's Spice Island identity and the effects of globalization and migrations on personal identity.

The Causes of the First World War Annika Mombauer, 2024-06-28 The causes of the First World War were disputed before the first shots had even been fired. Recriminations intensified following the Treaty of Versailles when the victors accused Germany and its allies of having caused the war. This was the start of a heated blame game in which historians and politicians on all sides became embroiled in a war of documents and publications. More than 100 years on, the question of the origins of the First World War still remains contested. Based on Annika Mombauer's *The Origins of the First World War* 2002 this thoroughly revised and expanded volume examines the political and ideological concerns that fuelled these international disagreements and offers an extensive analysis of a complex and unique historical controversy from 1914 to the centenary and beyond. It provides students, teachers, scholars and non-specialist readers with a comprehensive guide through the maze of conflicting interpretations.
