## INTRODUCTION

## BRIEF BIOGRAPHY OF PAUL ZINDEL

Paul Zindel was born in Staten Island, New York in 1930. His father was a police officer, and his mother was a nurse. Zindel studied chemistry at Wagner College and went on to work as a chemist or teacher after graduation. After quitting his job as a chemist, he worked as a high school science teacher for 30 years. He released his first play, *The Effect of Gamma Radiation*, in the 1960s. In 1964, he released his first novel, *The Pigman*, and it was an immediate success. The play ran on Broadway in 1971 and would earn Zindel the 1971 Pulitzer Prize for Drama. Zindel married actress/author and writer Barbara Hiltner in 1971, and the couple had two children together: Christopher Zindel, a novelist, and David Zindel, a playwright. Following the success of his first play, Zindel went on to write 50 books, most of them for children or young adult readers. Most take place in the hometown of Staten Island and are packed with biographical, historical, andographical, and other messages from dysfunctional, neglectful, or abusive parents. Zindel's father abandoned the family when Zindel was very young, and his mother struggled to support the family on her own. Zindel's books for young readers consider various subjects like homelife, abuse, and loss with respect to family. In addition to *The Pigman*, which is among Zindel's most popular and well-known books, in the U.S., he has also written *My Darling, My Huckleberry* (1969), *Positive Plus: My Big Messing-up Myself* (1980), and *The Pigman's Legacy* (1991), a sequel to *The Pigman*. Zindel died in New York City of lung cancer in 2003 at the age of 73.

## HISTORICAL CONTEXT

*The Pigman* was published in 1968. The book's protagonist, John and Lorraine, come of age during the 1960s, a period that is defined by intense social and political unrest and a rapidly shifting culture of teenagers, largely of (especially) the ongoing Vietnam War, the civil rights movement, and the feminist movement. In 1968 in the U.S., nearly half of the population was under 30 years of age, giving way to an increasingly influential youth culture. Many young people of this generation, including John and Lorraine, felt alienated by the conservative values that society (and their parents) favored, and they believed against the status quo by participating in the counterculture movement, which gained traction alongside the ongoing civil rights movement and other opposing social and political shifts. The counterculture movement was defined by rebellion, with young people rejecting the conservative views of human sexuality, gender

roles, education, and more that earlier generations largely upheld. The rebellion and alienation that John and Lorraine exhibit in *The Pigman* embodies the spirit of 1960s youth culture in the U.S.

## RELATED LITERARY WORKS

At the time of their initial publication, Zindel's books for young adults were unusual in their portrayal of serious, often dark subject matter for young adult audiences. *My Darling, My Huckleberry* (1969), deals with aspects of teenage sexuality, pregnancy, and abortion. Like *The Pigman*, *Positive Plus: My Big Messing-up Myself* (1980) also takes place in Staten Island and follows the story of two teenagers who must deal with dysfunctional families. *Confessions of a Teenage Bathtub* (1977) is a semi-autobiographical coming-of-age novel that tells the story of Chris, a 15-year-old boy whose father abandoned his family and whose mother works as a nurse, just like Zindel's own parents. The novel follows Chris as he learns to let go of his absent father and deals with issues of incest, the Bathtub, and more. Other books for young readers that deal with serious subject matter include *Spies* (1999) by Laura Kasisi Anderson, which deals with issues of rape, sexual assault, bullying, and intervening in tragic, life-and-death circumstances. *When I'm about a 17-year-old boy who's hospitalized following a motorcycle accident*. The book grapples with serious issues like eating disorders, depression, and self-mutilation. The book is semi-autobiographical, based on Zindel's own hospitalization for depression.
