History and Economic Life Georg Christ, Philipp R. Rössner, 2020-02-27 History and Economic Life offers students a wide ranging introduction to both quantitative and qualitative approaches to interpreting economic history sources from the Middle Ages to the Twentieth Century Having identified an ever widening gap between the use of qualitative sources by cultural historians and quantitative sources by economic historians the book aims to bridge the divide by making economic history sources more accessible to students and the wider public and highlighting the need for a complementary rather than exclusive approach Divided into two parts the book begins by equipping students with a toolbox to approach economic
