Contemporary Accounting: A Strategic Approach for Users 11e Phil Hancock, Peter Robinson, Mike Bazley, 2024-08-01 Now in its eleventh edition Contemporary Accounting A Strategic Approach for Users provides an excellent overview of the accounting function in business for non accounting majors and the approach taken to financial accounting provides a solid foundation on which accounting majors can better understand the bookkeeping function. The objective is to convey an understanding of accounting both financial accounting and management accounting without introducing unnecessary technical terminology and procedures. Building on basic concepts it provides a clear understanding of financial statements their uses and limitations. In this edition the authors have worked to add content that expands coverage of ethics, sustainability and corporate governance. Financial accounting chapters bridge the gap between assumed and actual knowledge and the pedagogical features make the text friendlier to first year learners.
