

The background of the cover features a detailed, three-dimensional molecular model. It consists of numerous large, dark grey spheres, likely representing carbon atoms, interconnected by a network of thin, light blue rods representing chemical bonds. The structure is complex and branching, resembling a polymer or a large organic molecule. The lighting creates highlights and shadows on the spheres, giving it a realistic, metallic appearance. The overall color palette is dominated by the dark greys of the spheres and the light blues of the bonds, set against a white background.
