

Final Exam Study Guide

8th Grade Social Studies U.S. History

Compiled by Mr. Zindman

RECONSTRUCTION – *The Nation Heals its Wounds*

- Total war is the idea of destroying your enemy's economy by destroying all of their food and equipment
- Following the Civil War the South was destroyed both physically and economically
- Reconstruction was the period in which the South was rebuilt, and restored to the Union
- Carpetbaggers were northerners who moved south during Reconstruction to gain wealth or power
- Scalawags were southerners who supported the Radical Republicans who were viewed as traitors by fellow southerners
- A positive effect of Reconstruction was that new constitutional amendments expanded the political and civil rights of African-Americans
- Black Codes were laws which restricted the rights of African-Americans in the South
- Poll Taxes, Literacy Tests, Grandfather Clauses, and Jim Crow Laws were all tools used by Southern governments following Reconstruction to deny rights to African-Americans
- The Ku Klux Klan was a group, which terrorized African-Americans in the South and attempted to maintain segregation in the South, as well as preventing African-Americans from exercising their right to vote.
- Segregation is the process of separating the races in society (keeping whites and blacks separated)
- African-Americans in the South (freedmen) were extremely poor following the war, and many became sharecroppers
- Sharecropping was virtually a new form of slavery where freedmen were taken advantage of by rich landowners
- The Freedmen's Bureau was established to help former slaves by providing food, job training, and an education
- Black Codes and Jim Crow Laws were both southern attempts to deny African-Americans their political and civil rights
- Segregation became legalized in 1896 following the Plessy vs. Ferguson decision, which stated that segregation was legal if "separate but equal" facilities were provided to both whites and blacks. The facilities were rarely if ever "equal."
- Impeachment is when a public official is accused of committing a crime or some other wrongdoing
- Carpetbaggers were northerners who moved south during Reconstruction to gain wealth or power
- Scalawags were southerners who supported the Radical Republicans who were viewed as traitors by fellow southerners

THE AMERICAN WEST – *Americans move West, but at what cost?*

- { *People moved to the West for a variety of reasons – gold, land, and opportunity*
- A. How did mining contribute to the settlement of the West?
 - B. How did homesteaders contribute to the settlement of the West?
 - C. Describe the role ranchers played in the settlement of the West.

Answers For 8th Grade History Semester Exam Review:

OECD Reviews of Evaluation and Assessment in Education: Student Assessment in Turkey Kitchen

Hannah, Bethell George, Fordham Elizabeth, Henderson Kirsteen, Li Richard Ruochen, 2019-09-09 Turkey's education system stands out internationally as a success story. In recent decades participation has been vastly expanded becoming universal at lower levels of schooling and outperforming other middle income countries in upper secondary education. However the education system is also marked by disparities with only around half of 15 year olds acquiring the essential competencies they need for life and work.

Russian Mathematics Education: Programs And Practices Bruce R Vogeli, Alexander Karp, 2011-03-31 This anthology consisting of two volumes is intended to equip background researchers practitioners and students of international mathematics education with intimate knowledge of mathematics education in Russia. Volume I entitled Russian Mathematics Education History and World Significance consists of several chapters written by distinguished authorities from Russia the United States and other nations. It examines the history of mathematics education in Russia and its relevance to mathematics education throughout the world. The second volume entitled Russian Mathematics Education Programs and Practices will examine specific Russian programs in mathematics their impact and methodological innovations. Although Russian mathematics education is highly respected for its achievements and was once very influential

internationally it has never been explored in depth. This publication does just that.

Social Studies for Secondary Schools Alan J. Singer, 2008-10-26 This popular text advocates an inquiry and activity based view of social studies teaching that respects the points of view of students and teachers. Based in practice and experience it offers systematic support and open honest advice for new teachers. It is conversational not pedantic and provides lots of examples. While the structure and most of the topics remain largely the same as before this Third Edition presents new lesson ideas in every chapter especially designed to help new teachers to address learning standards to work in inclusive settings and to promote literacy and the use of technology in social studies classrooms. It puts a heavier focus on what is important to know and why includes new essays on the politics of social studies education responds to opponents of project or activity based social studies instruction and multicultural education with a sharpened defense of both of these approaches throughout the book. Intended as a text for undergraduate and graduate pre service social studies methods courses this text is also useful for in service training programs as a reference for new social studies teachers and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice.

Spectrum Language Arts, Grade 8 Spectrum, 2014-08-15 Spectrum Eighth Grade Language Arts Workbook for kids ages 13-14.
