The content reflects the consistent unified voice of a single author, a prominent practicing therapist who delivers step by step guidance on the examination of each joint and region. This in depth coverage leads you logically through systems review and differential diagnosis aided by decision making algorithms. Features new coverage on balance and concussions. New videos on testing and method techniques are available on AccessPT if adopted. Also this edition has added 10-15 board review questions per chapter and has updated chapters to reflect the latest research and treatment techniques.

Manual Therapy of the Spine Mark Dutton, 2002 This book describes the anatomy and biomechanics of each area of the spine, pelvis and TMJ and the theories behind the subjective and objective exams. Working from this foundation, detailed explanations on the assessment and treatment of each of the various areas are given, enabling the student and clinician to differentially diagnose and integrate the results gleaned from the assessment in order to formulate a working hypothesis. The sequential flow of the assessment is also detailed with explanations as to its rationale, allowing a clinician of any proficiency level to use this book as a resource for an accurate biomechanical assessment and the design of a specific treatment plan based on those assessment findings. Recognizing the varying abilities between clinicians, most techniques are described with the patient sitting or lying in different positions.

The Appearance of Impropriety Peter Morgan, Glenn Reynolds, 2002-04-05 The Appearance of Impropriety offers a bracing antidote for executives, group leaders and anyone in public life. A reminder of some basic rules of good conduct that must be taken back from the pundits and bureaucrats that surround us. As Peter Morgan and Glenn Reynolds entertainingly and devastatingly describe, Americans have made legitimate ethical concerns into absurd standards and wielded our moral whims like dangerous weapons.
