## 2014 Exemplar Life Orientation:

*Narrative, Calling, and Missional Identity in 1 Peter* David Shaw, 2023-11-13 A story well told and subsequently imbibed by its recipients has the power to shape one's beliefs, identity and way of life. So what happens when a person or community is swept up in such a story? In this study, Shaw draws upon the dual methodologies of Narrative Transportation and Social Identity theories to consider how 1 Peter's use of Old Testament narratives and language serves to transport its recipients into an identity defined as elect sojourners. Amidst suffering, 1 Peter calls the Anatolian believers to a priestly ministry, blessing their antagonists as they await their eternal glory in Christ.

*The Oxford Handbook of Human Development and Culture* Lene Arnett Jensen, 2015 The Oxford Handbook of Human Development and Culture provides a comprehensive synopsis of theory and research on human development, with every chapter drawing together findings from cultures around the world. This includes a focus on cultural diversity within nations, cultural change, and globalization. Expertly edited by Lene Arnett Jensen, the Handbook covers the entire lifespan from the prenatal period to old age. It delves deeply into topics such as the development of emotion, language, cognition, morality, creativity, and religion, as well as developmental contexts such as family, friends, civic institutions, school, media, and work. Written by an international group of eminent and cutting-edge experts, the chapters showcase the burgeoning interdisciplinary approach to scholarship that bridges universal and cultural perspectives on human development. This cultural developmental approach is a multifaceted, flexible, and dynamic way to conceptualize theory and research that is in step with the cultural and global realities of human development in the 21st century.
