

1.1.5 Quiz: New Spain

Key Terms

Asia: The destination Columbus was searching for. He wanted to get spices & silk from Asia, after Europeans discovered new products during the Crusades.

Aztec: A large native tribe that was living in present-day Central Mexico when Europeans began exploring the region. They had one of the world's largest cities (that was a center of trade), & would trade for goods bought from far away. Cortés destroyed the Aztec civilization.

Christopher Columbus: (1451 – 1506) An Italian explorer who sailed for Spain & traveled to the American continents in 1492 to look for a new trade route to Asia (India).

- His four trips made Europe aware of the New World & resulted in further exploration & the establishment of colonies.
- Because of his voyage, other nations in Europe worked to profit from the New World as Spain had.
- Spanish power in the New World took time to develop, as Columbus did not reach the mainland of the New World until his third voyage.

Development of Spanish colonies in the New World: Organized through land grants given to property holders in Spain.

European success in conquering the New World: Native Americans had no natural protection from diseases brought by Europeans.

Ferdinand II: Paid for Columbus's first journey in hopes that he would find a new trade route to Asia.

Francisco Pizarro: (ca. 1475 – 1541) A Spanish soldier whose army defeated those of the Inca empire. He founded the city of Lima, which is the present-day capital of Peru.

Hernán Cortés: (1485 – 1547) A Spanish explorer who defeated the Aztec empire & claimed large areas of Mexico for Spain.

Inca: The largest empire of native people on the American continents before Columbus arrived. The Inca lived in South America. They were conquered by Pizarro.

Isabella I: See Queen Isabella I of Spain, below.

Missionaries: See Spanish missionaries, below.

Modern-day results of Spanish colonization: Most people in the Americas still speak Spanish, & most Latin Americans practice Roman Catholicism. Southwest culture still has elements of Spanish influence, including names of American Southwest cities such as Santa Fe & Western cities such as San Francisco. This shows Spain had a long & lasting impact.

New Spain: One of four Spanish colonies in the New World. It was ruled by a viceroy (an official chosen by the king) from Mexico. Their main goal was to obtain wealth.

New World: North America, South America, & the Caribbean. This term compares them to the Old World of Europe, Africa, & Asia.

- One reason for the Europeans' success in conquering the New World was that Native Americans had no natural protection from diseases brought by Europeans.
- The development of Spanish colonies in the New World was organized through land grants given to property holders in Spain.

Portugal: Spain wished to compete with Portugal for trade.

Queen Isabella I of Spain: paid for Columbus's voyage to find a new trade route to Asia, but was unsure if
