**Learning to Win** Pamela Grundy,2003-04-03 Over the past century high school and college athletics have grown into

one of America's most beloved and most controversial institutions inspiring great loyalty while sparking fierce disputes. In this richly detailed book Pamela Grundy examines the many meanings that school sports took on in North Carolina linking athletic programs at state universities, public high schools, women's colleges, and African American educational institutions to social and economic shifts that include the expansion of industry, the advent of woman suffrage, and the rise and fall of Jim Crow. Drawing heavily on oral history interviews, Grundy charts the many pleasures of athletics from the simple joy of backyard basketball to the exhilaration of a state championship run. She also explores conflicts provoked by sports within the state, clashes over the growth of college athletics, the propriety of women's competition, and the connection between sports and racial integration. For example, within this chronicle familiar athletic narratives take on new meanings moving beyond timeless stories of courage, fortitude, or failure to illuminate questions about race, manhood, and womanhood. The purpose of education, the meaning of competition, and the structure of American society.

The emergence of sport risk management which includes the popular activity of cheerleading is timely and important in reducing injuries and subsequent lawsuits. A risk management plan for cheerleading is needed to meet the unprecedented growth of the sport to reduce the number of injuries and subsequent lawsuits that often follow serious injuries. The purpose of Cheerleading and the Law is to provide important guidelines in developing risk management plans with risk management strategies to create a safe environment for cheerleaders on every level. The need for such a book is evident and the authors hope to fill a void that exists today in the ever growing activity of cheerleading. Without question this book should be required reading for every athletic and school administrator, every cheer coach, every gym owner, every event producer, every parent of a cheerleader, and every company in the spirit industry. Cheerleading and the Law may well be one of the most important books written for the spirit industry. Gwen Holtsclaw, Cheer Ltd Inc President CEO. With some of the stunts that cheerleaders are doing today this book is really needed. There are far too many accidents and serious injuries inflicted upon cheerleaders. Ron Wellman, Wake Forest University Athletic Director. This book should be available for all coaches and administrators responsible for cheerleading. John Foley, IAA Magazine
