interface Administering your computer for yourself and for others Working with other computers and operating systems from you Mac Configuring the network to take full advantage of the powerful networking capabilities in Leopard Working with add on devices via USB Firewire and Bluetooth Effectively implementing data backup recovery and security Getting started with OS X development in Leopard

**Mac OS 9** David Pogue,2000 Provides clearer more personable and better written instructions than usual for making sense of Mac OS 9 from such basics as using menus and reducing window clutter to more advanced topics such as learning how to connect Macs together and the Mac OS 9's self updating software feature
