*Enabling IBM Cloud Pak for Multicloud Management to Connect Kubernetes Clusters Using IBM Secure Gateway*

Michael Bubel, IBM Redbooks, 2020-11-20 In today's dynamically changing IT landscape it is highly likely that a company's cloud strategy spans multiple cloud providers. Such a span is known as the hybrid multi-cloud landscape. The challenges that quickly surface in an IT department's list of responsibilities now encompass managing environments that are running on multiple cloud providers. The traditional IT administrators find themselves using individual dashboards for each of the cloud providers to monitor and manage those environments. In turn, each of the cloud provider's dashboards have their own unique features that require a learning curve to become productive. The traditional IT administrator must now become a specialized hybrid cloud engineer with different hats for each of the cloud providers. This dynamic led to the quick realization of the need for a tool that provides a common dashboard for managing a company's hybrid cloud landscape. IBM is one such company that quickly recognized this need and used their experience in years of systems management tools created the IBM Cloud Pak for Multicloud Management. This paper describes the steps that are required to connect a Kubernetes management dashboard that is provided with the IBM Cloud Pak for Multicloud Management running on an on-premises private cloud to Kubernetes clusters that are running on public clouds. An IBM Cloud service that is called IBM Secure Gateway is at the core of this connection. The procedure to set up the Kubernetes clusters to use the IBM Secure Gateway service also is described in this paper.

Your Money Playbook Brandon

Copeland, 2024-09-10 From an NFL linebacker turned Ivy League professor, discover realistic and foolproof strategies for building financial freedom in the modern world. Brandon Copeland's determination to succeed and create the life he wanted launched him from Baltimore to the University of Pennsylvania and then to the NFL. Over his 10-year playing career, he saved and invested the majority of his earnings, created other business opportunities, and motivated his teammates as the locker room's money professor. He returned to the same Ivy League classrooms midway through his football career to launch his Life 101 financial education platform, reaching thousands of students in person and online. Now in this guide, Copeland breaks down his life-changing course into four digestible quarters: The Art of Hustle (optimizing opportunities and generating multiple streams of income), The Power of Growth (demystifying investing and making money work for you), The Commitment to Smart Spending (saving on major expenses and reducing everyday costs), and The Promise of Legacy (unpacking dreaded topics like insurance, wills, and estate planning). Your Money Playbook is a bold, practical, and action-oriented blend of candid introspection and strategy to help readers confront their financial insecurities and commit to building new game-changing mindsets and practices. This accessible and inspirational guide puts the playbook for creating the life you've always imagined right in the palm of your hand.
