chapters that is chapters 14 16 are devoted to a discussion of five cakras forming a system hitherto unknown These five  
cakras are the seat of a great number of goddesses called the Dev s the D t s the M t s the Yogi n s and the Khecar s  
respectively and to a lesser degree of male deities as well Heilijgers study presents a detailed examination of the esoteric  
doctrine concerning these cakras After an introduction and a chapter on some general features of the five cakras each of the  
next five chapters deals with one separate cakra discussing its presiding deities its location in the human body and its  
symbolism The second part contains the Sanskrit text of chapters 14 16 of the Kubjik matatantra the annotated translation of  
these chapters and some appendices The book offers a valuable contribution to a more thorough understanding of and
