Advanced Placement  
Examination

## AP<sup>®</sup> Biology

### Principles: Questions

The questions in this section test your knowledge of the major principles of biology. These questions are designed to test your understanding of the concepts of biology, including the relationships between living things and their environment. The questions are organized into four main categories: Cell Biology, Molecular Biology, Ecology, and Evolution. Each category contains several questions that test your understanding of specific concepts and their applications to real-world situations.

The following questions are provided for the College Board's Advanced Placement Biology examination. These questions are designed to test your understanding of the concepts of biology, including the relationships between living things and their environment. The questions are organized into four main categories: Cell Biology, Molecular Biology, Ecology, and Evolution. Each category contains several questions that test your understanding of specific concepts and their applications to real-world situations.
