*Principles of Accounting, Chapters 1-14* Paul D. Kimmel, Jerry J. Weygandt, Donald E. Kieso, 2004-01-23

This book starts with a macro view of accounting information by presenting real financial statements. The authors establish how financial statements communicate the financing, operating, and investing activities of a business. To integrate the use of financial statements for decision making, the authors identify a finite set of tools necessary to make business decisions based on financial information. The Decision Toolkit is provided for the reader and integrated throughout the text.
