Germany Silver Burdett Countries:

Remembering Musical Childhoods in Vietnam Tina A. Huynh,2024-08-06 This book offers an in depth exploration of the childhood musical experiences of Vietnamese elders providing a unique lens on the intersections between identity culture and music education Centering the stories of five Vietnamese Americans and one Vietnamese person who grew up in Vietnam between 1931 and 1975 the author considers the role that each individual s childhood musical experiences played in their life as they were impacted by war political movements and immigrant and refugee experiences The book adds a new perspective to research on the global music practices of children by exploring music transmission and repertoire in Vietnam in the context of political unrest and colonialism before and during the Vietnam War It also explores the evolution of the personal meanings and memories of music over a period of drastic change in each individual s life as five of six elders transitioned into a life in the United States This book provides both an act of cultural and musical preservation and relevant implications for music education today Situating the children s songs and games of Vietnamese culture in their original context the author invites those in the field of music education to consider how lived experiences and entrenched systems of teaching affect music learning and identity formation The volume includes a selection of Vietnamese children s songs games chants and musicopoetic lullabies ca dao offering ways to enrich music educators world music curricula Relevant to music education ethnomusicology and Asian American studies this book provides a nuanced account of Vietnamese children s music making of the past and presents an analysis of childhood musical experiences in a wider cultural sociopolitical and historical context

after suffering a long internment at Fort Snelling the Dakota and Winnebago peoples were forcefully removed to South Dakota precipitating the near destruction of the area's native communities while simultaneously laying the foundation for what we know and recognize today as Minnesota In North Country The Making of Minnesota Mary Lethert Wingerd unlocks the complex origins of the state origins that have often been ignored in favor of legend and a far more benign narrative of immigration settlement and cultural exchange Moving from the earliest years of contact between Europeans and the indigenous peoples of the western Great Lakes region to the era of French and British influence during the fur trade and beyond Wingerd charts how for two centuries prior to official statehood Native people and Europeans in the region maintained a hesitant largely cobeneficial relationship Founded on intermarriage kinship and trade between the two parties this racially hybridized society was a meeting point for cultural and economic exchange until the western expansion of American capitalism and violation of treaties by the U S government during the 1850s wore sharply at this tremulous bond ultimately leading to what Wingerd calls Minnesota's Civil War A cornerstone text in the chronicle of Minnesota's history Wingerd's narrative is augmented by more than 170 illustrations chosen and described by Kirsten Delegard in comprehensive captions that depict the fascinating often haunting representations of the region and its inhabitants over two and a half centuries North Country is the unflinching account of how the land the Dakota named Mini Sota Makoce became the State of Minnesota and of the people who have called it at one time or another home **The West Virginia School Journal** ,1898 **Contemporary's Amazing Century** Contemporary Books, inc,1991-12-12 This book is about the postwar boom through the Eisenhower era
