John Virtue John Virtue, Simon Schama, Paul Moorhouse, Colin Wiggins, 2005 **John Virtue** John Virtue, 2007 **John Virtue** Paul Moorhouse, 2019 In 1978 John Virtue had been living in Green Hawarth a remote Lancashire village for seven years During that time he had struggled to find a way forward as an artist and had become discouraged by a growing sense of failure Finally he decided to destroy all his previous work created That destruction was to prove a liberation On 10 April this same year he resolved Now is the time to become a real artist It was a memorable turning point He decided that the surrounding landscape would form his subject and that in his response to it there would be no doubt no equivocation Eliminating brushes colour paint and canvas all of which seemed extraneous to the direct means of expression he was seeking he began again by making small pencil or charcoal drawings during regular walks These images he determined would unfold like a visual diary With this pledge Virtue decided the course of his art It commenced a journey that continues to the present day During the ensuing four decades Virtue has forged a distinctive artistic path Drawings made in the landscape have continued to be the primary source for larger works created in the studio There the images preserving his original experiences yield a second phase of imaginative and expressive engagement that goes far beyond each observed motif Combining walking drawing abstraction and radical improvisation Virtue's dynamic process has produced a body of work that extends the tradition of landscape painting in unprecedented ways Today Virtue is widely regarded as one of Britain's leading painters Paul Moorhouse has been closely associated with the artist for over twenty years and has written extensively on his work In this lavishly illustrated book he discusses the development of Virtue's art from its beginnings and traces the artist's close relationship with locations in Devon Exeter London Italy and Norfolk As Moorhouse shows these places have each generated a fresh artistic response forming distinct episodes in an overarching vision This is rooted in the landscapes that Virtue observes but also in deeper aspects of experience For in Virtue's art the passage of time mortality and a will to express the intensity of each lived moment are abiding themes **John Virtue** John Virtue, Martin Gayford, 2005

a significant body of work from large canvases to paintings of a few square inches and a group of monotypes John Virtue

The Secret Agent Allan Simmons, John Henry Stape, 2007 This collection of thirteen essays by writers from several
countries lavishly celebrates the centenary of the publication of Conrad's *The Secret Agent*. It reconsiders one of Conrad's
most important political novels from a variety of critical perspectives and presents a stimulating documentary section as well
as specially commissioned maps and new contextualizing illustrations. Much new information is provided on the novel's
sources and the work is placed in new several contexts. The volume is essential reading on this novel both for students
studying it as a set text as well as for scholars of the late Victorian and early Modernist periods *John Virtue* John
