Refinement of Prototype Staff Training Methods for Future Forces, 2000 This report documents the design development and implementation of refinements to a prototype staff training package for future forces. These training refinements were made to a prototype staff training package described in the report *Prototype Staff Training and Evaluation Methods for Future Forces* Throne et al 1999. The training refinements were implemented in a simulation based experiment examining the impact of digital systems on Future Battle Command at the battalion and brigade level. This report focuses on the training support package designed to improve performance of staffs using advanced command control communications computer and intelligence C4I systems. Documentation is provided on the analysis design and development of four staff training products developed under this effort: a Surrogate Command Control Communications and Computers SC4 System Demonstration Digital Staff Drills Team Training Sessions TTSs and TTSs Trainer Guide and refinements to Tactical Decision Making Exercises TDXs. The formative evaluation is described for those products with survey results and project team Observations reported by product type. Lessons learned on future staff training are documented and may help direct the Army's effort to develop command and staff training support packages TSPs for future forces.

Empowering Team Learning Michael Pearn, 1998 Empowering Team Learning provides step by step guidance on how to design and run an effective programme to ensure that your employees take responsibility for generating their own ideas and implementing their own solutions. A powerful approach which stimulates and motivates employees and transforms groups into creative and skillful agents for change.

Developing a Learning Culture in Nonprofit Organizations

Stephen J. Gill, 2010 Nonprofit organizations are under increasing pressure to demonstrate impact and that the funds raised to operate their organizations are maximized and used effectively. This book demonstrates how to create a culture of learning intentional learning from reflection and feedback focused on successes and failures that will lead to ongoing performance measurement and improvement. Because nonprofit organizations rely heavily on volunteers and are focused on mission not money it is critical for them to create a culture in which learning is a motivator for change. The book breaks down learning into four levels individual team whole organization and community Learning at each of these levels is described and then specific tools are presented. The tools are hands on and practical which facilitate reflection and feedback
