Buchanan, Adrian-Mario Gellel, 2019-03-01 This book shares global perspectives on Catholic religious education in schools chiefly focusing on educational and curriculum issues that take into account the theology and the pedagogy which support learning in connection with Catholic religious education Further it offers insights into the distinctive contribution that Catholic religious education makes to religious education and education in general across diverse schooling contexts Bringing together insights from leading scholars and experts on Catholic religious education around the globe the book offers an essential reference guide for all those involved in researching planning and designing curricula for Catholic religious education as well as developing related theories in the field *Any Body There?* Craig Michael Mueller, 2017-07-21 Any body there we may wonder as we watch people engage with their smart phones while being oblivious to what is going on around them Anybody there is the question facing the church as it wrestles with declining religious affiliation Craig Mueller considers this contemporary context and offers a response based in an incarnational spirituality accentuating the body and finding expression in corporate multisensory liturgy Mueller creatively weaves together topics from our digital lives with personal and congregational stories and theological liturgical and spiritual reflections Concepts such as virtuality the analog 24 7 connectivity access design and GPS are juxtaposed with themes of embodiment mortality sabbath mystery beauty and vocation Drawing on his experience as a pastor to millennials his studies in liturgical theology and his work on the effects of technology on daily life Mueller proposes that corporate worship is an antidote to the distraction fragmentation and spiritual hunger in society today As humans continue to merge with machines participation in the Sunday liturgy reminds us of what it means to be human a deeper connection to our bodies and the earth and a clear sense of purpose and mission for our everyday lives **The Nexus Between ICT and Liturgy** Emmanuel Chinedu Anagwo, 2023 In recent years there has been a groundswell of interest on how Information and Communication Technology ICT can best be harnessed to improve the efficiency and effectiveness of the Catholic liturgy Accordingly the book discusses the future of worship at a time of digital explosion in the Christian Churches as expended through the lenses of the Second Vatican Council s interdisciplinary document titled *Inter Mirifica* 13 While the nexus between ICT and Liturgy may seem obvious the deep connections and the many possibilities for the 21st century e worship are yet to be significantly explored When not handled well they will lead to cataclysmic destruction of liturgical heritage and patrimony Nonetheless exploring ICT for e worship the book advocates for adherence to guidelines in liturgical celebrations Hence the book discloses the meaning theology types prospects uses and abuses in ICT for digital worship This book will make a vital contribution not only to scholarship in liturgical studies in Africa but also as a catalyst towards a simplified consolidation to the practice of Christian worship in the world today *Library of*
