Approaches to interpreting William Shakespeare's "Romeo and Juliet". Sonnet no.116, the role of visual perception, and the death reasons Puja Chakraberty,Szintia Dezsi,Anika Kehl,2024-10-18 Anthology from the year 2024 in the subject English Language and Literature Studies Literature language English abstract This anthology consists of three term papers The first paper primarily endeavours to elaborate upon the basic conception of tragedy as laid out by imminent critics over the ages to religiously undertake a comprehensive close study of the classic tragedy Romeo and Juliet written by William Shakespeare compare and contrast the previous works relating the story and Shakespeare s very own interpretation to critically scrutinize and elucidate upon the theme of love its nature and quality which is the deciding factor of the play with special reference been made to Sonnet no 116 by William Shakespeare Sight is a leading theme in Romeo and Juliet and the frequent use of words relating to visual perception is not random or gratuitous Therefore the primary object of the second paper is demonstrating that beside the well debated forces that govern the action there are others that may have been neglected Precisely because readers may focus too much on the love story or on other outstanding elements of the play such as the comic passages which stand in stark contrast with the tragic theme of the play a considerable amount of intriguing aspects

might escape our attention These are subtle details which serve a great purpose in the plot development On many occasions vision becomes the cause of a series of events in the play Why did Shakespeare s Romeo and Juliet have to die The third paper is going to explore three different reasons the seemingly inevitable fate of the star crossed lovers the danger of immature love and the feud with its consequences for society family and coming of age Ultimately the paper will try to find out what Shakespeare might have wanted to tell his audience and how his messages are conveyed by recent film adaptations
