Divine Principles Sun Myung Moon,1956 *The Schism of Unification Church and the Tree of Life* Jongsuk Kim,2024-07-02

This book The Schism of Unification Church and the Tree of Life Part I is a revised version of the 4th volume of the History of

the Korean Messianic Movement published in 2016 and contains the core of the extensive data used in the 5th volume A

Study of the Canonization the Unification Movement 2017 the 6th volume Unification Church and the Phenomenon of the

Only Begotten Daughter 2017 the 7th volume The Veritable Records of Unification Church Schism 2021 and the 8th volume

The only begotten daughter phenomenon seen from the Unification Principle 2023 This book also contains content not

covered in the first edition and the changed situation of Unification Church since 2016 Nonetheless I put the word part 1 in

the title because the detailed story of the schism of Unification Church after the founder s Seunghwa which could not be

contained in this book on the page will be covered soon in the other book The reason why I titled this book The Schism of

Unification Church and the Tree of Life is that although the division of the Unification Movement caused by the failure of Han

Hak ja to do her responsibilities led to tragic results providence and anti providence principle and non principle good and evil

were distinguished during the process of division and certainly the Unification Movement will soon be overcome and enter

the path of revitalization by the Tree of Life of the heavenly lineage that has risen from the dead This book focused on

comparing the identities and deeds of the major figures identified in the process of Unification Church s split namely Han

Hak ja Moon Hyung jin and Moon Hyun jin based on the identity of the founder and the Unification Principle which is the

core teaching Through this book readers will be able to accurately understand the causes processes and consequences of

Unification Church schism and will be able to predict the future In the conclusion of the first edition I mentioned that the

phenomenon of Han Hak ja s only begotten daughter is a new religious phenomenon with a different identity from the

phenomenon of Unification Church of the founder Although divided I predicted that Unification Church would not collapse

but would go the path of revitalization and that the third son of the founder Moon Hyun jin would lead the revitalization In

retrospect my prediction was correct to some extent Han Hak ja who was the cause of the schism in Unification Church

became one with the fallen archangel figures who destroyed the providence of the True Family and created a new religion to

worship the only begotten daughter Heavenly Parents Holy Community which clashed with the Unification Principle On the

other hand Moon Hyun jin who was expelled from the Unification Movement by Han Hak ja and the anti Moon Hyun jin

forces who tried to wipe out his providential mission won nearly a decade of persecution and more than 30 lawsuits and

declared that he would re establish the ideal of the True Family and True Parents which had been incomplete due to the fall

of Han Hak ja and dedicate the original Foundation Day before Heaven As time passes the inner story and truth of

Unification Church schism will become clearer I wrote this book from both the perspectives of a new religion researcher an objective observer and an insider a believer The collection and analysis of data to understand the facts and inner story of the incident was done from the perspective of an observer and the internal causes of Unification Church split changes in identity and doctrine and the nature and religious significance of various events and situations that are difficult to understand for a simple observer was described from an insider s point of view **The Divine Principle of All Things** Olubunmi M.

Why Evil Rules—If God Is... Anslie H. Abraham,2011-04-13 In this book I have consciously deliberated on the predominant question of the problem of evil and with the help of the World Scriptures and with sound reasoning I have tried to solve this age old mystery We are in the New Millennium Currently many great social transformations are taking place in our world Most likely these changes will help us find the true path for self realization leading us all back to God Therefore I am sure this book would be of tremendous value to readers Generally process of regeneration is slow it may last the whole millennium nevertheless it is imminent The fact that the above said kingdom of God or peace on earth is the most desired objective of history is the evidence of its being not only non mythical but a realistic aspiration of God and man Jesus in the above Bible verse prompts us to recognize the seasons of our age *The 'Critique of Judgment' and the Unity of Kant's Critical System* Lara Ostacic,2023-08-10 Argues that Kant s seminal Critique of Judgment is properly understood as

Ashcraft, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream. Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream. This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear. Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today. Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved. Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers the People's Temple the Branch Davidians Jehovah's Witnesses and others are examined. Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood. Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U.S. today. Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American.
