IMPORTANT: You will be using a subset of 1000 trials within the provided data to answer the assignment questions. The first trial in your personal subset will be **the last three digits of your student number** e.g., for student number 1234567, the personal subset will start with case 567. The last trial will be **the number for the first trial plus 999** e.g., 1566 for student number 1234567. *Note: use 1000 as your first trial if the last three digits of your student number are 000.*

To select this subset of the data to use for your assignment, follow these instructions in SPSS:

Go to **Data – Select Cases – Based on time or case range – Range – First Case and Last Case** (enter values based on the first and last trial from the description above) – **Continue** – select **Filter out unselected cases - OK**.

IMPORTANT: You will need to follow the instructions above every time you open your dataset as the case selection does not carry over sessions.
