What you can do when you cannot leave** Ciro Discepolo, 2009 English speaking readers fond of Astrology already know the Author thanks to his previous works Transits and Solar Returns and Lunar Returns and Earth Returns which have also been translated into several other languages In a practice of almost forty years of astrological research the Author has studied and guided over twenty thousand aimed birthdays he has also published a dozen books specifically on Solar Returns and Lunar Returns This is his fifth work in English two of them can be downloaded free from his webpage [www.cirodiscepolo.it](http://www.cirodiscepolo.it) In this volume Ciro Discepolo deals with the second resource on which his Active Astrology is based the first one being the aimed birthday the so called exorcism of symbols In these pages the Author suggests to the Reader about what can be done when you cannot aim i.e. actively relocate your birthday either your Solar or Lunar Return by a practical application of the notion of activating or constellating a symbol For example Ciro Discepolo claims that if you can not leave for an aimed birthday to avoid Saturn being placed in the 5th House of your next Solar Return during the twelve months covered by the SR you had better devote more time to your kids help them in their studies or in their sporting activities pay the fee to enrol them in a course perhaps abroad where they could learn new subjects and or nurture and improve their condition in a broad sense Planet by planet House by House this volume contains all the suggestions of the Author on the exorcism of symbols a useful practice also in the case you do relocate your Solar and or Lunar Returns for example if you have willingly left some dissonant position in your map of Aimed SR or of Aimed LR and you wish to lower the threshold of risk a little more The volume also explains the philosophical and psychological roots justifying the practice of the exorcism of symbols      The Variorum Teacher's Edition of the Holy Bible William Sanday, Thomas Kelly Cheyne, Samuel Rolles Driver, Robert Lowes Clarke, Alfred Goodwin, 1886      *Hebrew-English Edition of the Babylonian Talmud* Isidore Epstein, 1980

**Arts, Portraits and Representation in the Reformation Era** Patrizio Foresta, Federica Meloni, Zsombor Tóth, Christopher B. Brown, Günter Frank, Bruce Gordon, Barbara Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Günther Wassilowsky, Siegrid Westphal, 2019-07-15 The role played by artistic literary historical and theological representations in the

establishment of the European Reformation has attracted scholarly attention over the years While they were generally regarded as a significant means of conveying the evangelical message particularly in a society with a low average literacy rate this scholarly consensus was then seriously challenged by objecting that their meaning must have remained opaque to those who couldn't read and interpret their sometimes multilayered imagery and their verbal and figurative messages This volume which publishes some of the papers delivered at the Fourth Reformation Research Consortium Conference held in Bologna May 15th 17th 2014 is an attempt to examine the visual intelligibility of the European Reformation by a comparative multiconfessional and multidisciplinary analysis of examples taken from both the Catholic and the Protestant world in the Early Modern and Modern Era with particular reference to the figurative arts but also to history and theology All the case studies included here examine their peculiar subjects with regard to their religious and artistic contexts in order to understand their historical significance in a new fashion combining approaches from political history history of arts historiography anthropology philosophy and theology Thus the volume offers a very rich outline of how visual culture and representation through arts was embodied in very different cultural portraits and images
