Anger Management ,1994

**The Positive Guide to Anger Management** Richard Banks,2021-05-14 Are you tired of not being able to control your anger Do you face a hard time when it comes to managing your anger Are you tired of blowing up at people We all are familiar with anger It s one of our reactions to situations Everyone gets angry and it s just like every other emotion in our body Just as we feel happy sad anxious emotional joyful fearful disgusted we can also feel angry Learning to control your anger is critical to

your physical mental and emotional health as well Many of the anger management books that I've come across don't address the problem at the core They instead attempt to address the symptoms This book will give you a fresh perspective on what anger is where it comes from and provide powerful practical methods that will show you how to control anger the right way The tools you will learn in this book can help no matter what your situation is Who this book is for Anyone who wants to stop feeling out of control Anyone who wants to enjoy better relationships with friends and partners Anyone who wants to know how to control anger outbursts Anyone who wants to know the best ways to deal with anger Anyone who does not understand why they are so angry In this book we will explore why it's essential to learn and practice anger management techniques Not only for relieving improving your relationships and feeling better but also for improving your physical health You will find simple solutions that work You deserve to live a happier healthier and longer life because your emotional and mental health doesn't just impact how you feel It affects your physical health and your ability to make and keep relationships Your anger issues doesn't have to continue to keep you from living your life to the fullest It's time to tear down your current way of thinking and rebuild thought patterns that contribute to your life in constructive ways Grab your copy now     *Anger Management* Jack Warren, 2021-05-03 Whether you would say that you are or know someone who has an issue with anger or you're simply inquisitive you may be pondering what is anger management The expression is tossed around rather coolly however it is really a genuine treatment that can help individuals control their serious feelings especially anger and fierceness Most mental specialists would characterize anger management as the procedure of perceiving and controlling your anger It is not something that is done just once When you have an issue with anger you will be obliged to deal with that issue for whatever is left of your life In the event that it is left untreated it can wind up bringing about a not insignificant rundown of social physical mental and enthusiastic issues The primary piece of anger management is recognizing the issue you or your adored one may have with anger The vast majority gets irate occasionally anger is an ordinary and solid feeling     **Anger Management Essentials** Sorin Dumitrascu, 2020-09-19 How do you manage the anger you may sometimes feel at work Depending on how you express it anger can have a negative or positive impact on your work If negatively expressed it could diminish your productivity and effectiveness which can also impact your coworkers and the organization But you can learn to manage anger in ways that will minimize its negative effects and take advantage of anger's potential to provide beneficial outcomes instead Factors that are typically part of normal work environments have the potential to cause anger Common causes of anger include dissatisfaction with the system unequal treatment hindered goals dissimilar values and hierarchical relationships These potential causes of anger coexist in the workplace and are constant With everyone in your workplace vulnerable to these highly personal potential sources of anger anger management can be particularly challenging This course will help you understand anger in the workplace by examining how people express anger pinpointing some common causes of anger and discussing how to use anger positively in the workplace After learning about these aspects of anger you'll be

better prepared to manage your anger when you feel it and then use that anger to bring about positive outcomes whenever possible People have been considering and debating the right way to handle anger for millennia As long ago as 350 BC the philosopher Aristotle stated Those who are not angry at the things they should be angry at are thought to be fools and so are those who are not angry in the right way at the right time or with the right persons Virtually everyone experiences anger But it s important to realize that anger in itself is not a good or bad thing It s simply a set of physical responses emotions and behaviors triggered by a perceived threat or frustration How people cope with their own anger and anger in others makes the difference between anger as a destructive emotion and a constructive emotion In this course you ll discover that anger can be expressed appropriately and dealt with productively You ll learn about managing and controlling your own anger You ll also learn how to appropriately and effectively deal with other people s anger including how to evaluate the issue and provide constructive feedback
