2014 Truck Buying Guide:

This format makes it easy for consumers to get the advice and information they need to make a wise purchase on their next used vehicle. Readers benefit from features such as Recommendations for the Best Bets in the used car market. Detailed histories on popular models. Certified Used Vehicle Information. Hundreds of photographs. Glossary of Used Car Buying Terms. In addition to these features, vehicle shoppers can benefit from the best they've come to expect from the Edmunds name: True Market Value pricing for trade-in, private-party and dealer retail. Highlighted yearly model changes. In-depth advice on buying and selling a used car.

Lemon-Aid New Cars and Trucks 2012 Phil Edmonston, 2011-01-01 Phil Edmonston Canada's automotive Dr Phil pulls no punches. He says there's never been a better time to buy a new car or truck thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases and free auto maintenance programs. In this all new guide he says Audis are beautiful to behold but hell to own, biodegradable transmissions, rodent snack wiring and mind boggling depreciation. Many 2011-12 automobiles have chin-to-chest head restraints, blinding dash reflections and dash gauges that can't be seen in sunlight, not to mention painful wind tunnel roar if the rear windows are opened while underway. Ethanol and hybrid fuel saving claims have more in common with Harry Potter than the Society of Automotive Engineers. GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that killed its own electric car more than a decade ago. You can save 2,000 by cutting freight fees and administrative charges. Diesel annual urea fill-up scams can cost you 300 including an 80 handling charge for 25 worth of urea. Lemon Aid's 2011-12 Endangered Species List the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi and Suzuki. *Lemon-Aid New Cars and Trucks 2013* Phil Edmonston, 2012-12-01 Canada's automotive Dr Phil says there's never been a better time to buy a new car or truck thanks to a stronger Canadian dollar, a worldwide recession driving prices downward and a more competitive Japanese auto industry that's still reeling from a series of natural disasters.
