

D.A.R.E Report

I have been in the D.A.R.E Program for at least eight weeks. I have been learning about drugs and how they affect you.

In D.A.R.E the skills I have learned were that in some places they put things about drugs on things kids would get. For example, they put drug things on toys, baby bibs, and other things like that.

I have learned that if I take drugs I can get any kind of cancer like brain cancer. And I learned that if I smoke I can get lung cancer and black lungs.

My wise decision about drugs are that if you ever coke, drink, or take tobacco you die from them because of the chemicals that they have.
