*Climbing the Literacy Ladder* Beverly Tyner, 2019-08-05 Literacy skills are the cornerstone upon which students knowledge self esteem and future educational opportunities are built. But far too many teachers lack the time materials and specialized knowledge required to address these skills adequately. To that end Climbing the Literacy Ladder is a one stop shop to help teachers plan and differentiate literacy instruction for all students from prekindergarten through 5th grade. Literacy educator Beverly Tyner presents plans for small group instruction that addresses elementary students six developmental stages of reading and writing: emergent, beginning, fledgling, transitional, fluent, and independent. To help teachers support students' literacy development, this book also provides Characteristics of readers and writers at each stage. Lesson plans that target each of the research based instructional components: fluency, word study, vocabulary, and comprehension. Authentic classroom scenarios and conversations. Practical classroom strategies and activities. Advice for when to move students to the next stage. If students cannot read with comprehension by 3rd grade then their educational future is cast in doubt. Climbing the Literacy Ladder will not only help you grow as a competent and empowered literacy teacher but also ensure that your students continue to travel a clear and unobstructed educational road. This book is a co-publication of ASCD and ILA.
