*Desire Lines* Lesley Malone,2019-06-27 Desire lines are

the paths that people create through regular usage They appear where people repeatedly choose to walk and usually signify

a route from A to B that is quicker than the formal path provided In most cases they indicate the mismatch between what

local people want and what designers think people want By employing some social research basics in the design development

process placemakers can work more meaningfully with local communities to meet their needs and aspirations This is a

practical guide to running public consultations co design and community engagement to help practitioners make the most of

local knowledge and insight for the benefit of design It offers guidance on managing community participation and

unapologetically aims to encourage designers to start thinking like social researchers when they undertake these

programmes It's intended for placemakers architects urban designers landscape architects and other built environment professionals involved in the planning and design of public realm who want to develop more people centred community led design approaches Using Diaries for Social Research Andy Alaszewski, 2006-01-24 The book has no competitor it summarises the development of the method follows through all stages of research from accessing subjects through design to analysing diary information as data and considers how the method can best be exploited and used No other book comes remotely near doing this I for one shall be using it gratefully as the single best text for diary research Professor Anthony P Macmillan Coxon Honorary Professorial Fellow University of Edinburgh In this accessible and lucid introductory text Andy Alaszewski considers the analysis of diaries as a distinctive research technique in its own right Nothing has previously covered this area in single volume format but the timely emergence of Using Diaries for Social Research recognizes the increased interest in and relevance of diary methodology within social research teaching Effectively combining theory history and methodology Alaszewski begins by discussing how diary keeping has developed outlining the key features of the medium and examining the ways in which diaries have been and can be used for social research He describes how suitable diaries and diarists can be identified by the researcher and once found how these diaries can be structured to generate research material Finally the researcher is taken through the analysis stage examining statistical techniques content analysis and structure analysis as effective methods of investigating diary texts This introductory student guide is an essential text for anyone involved in the area of social or historical research and for those working in the narrative tradition **New England Journal of Education** Thomas Williams Bicknell, Albert Edward Winship, Anson Wood Belding, 1877 **Pharmaceutical Journal**, 1899 **The Journal of Education**, 1890 British Medical Journal, 1884 **Journal of Reading**, 1985 **The School Journal**, 1899 **The Popular Science News and Boston Journal of Chemistry**, 1882
