Accident Report At Work:

Incident Report Log Book Comni's Publishing,2020-09-24 Incident Report Log Book is essential to keep record of accidents and incidents in your working environment in a clean and easy to use format The logbook has a place to enter all the necessary information of accidents This Notebook is ideal For School all Working places for staff safety Page Details Company Details Log Book Details Incident Report Form Date Time Location Report Date Person Involved Injured Full Name Address Phone Number E mail Description of Incident Action Taken Witness es Name Contact Features Glossy Cover Paperback 120 pages Spacious 8 5 x 11 size Introduction page for you to personalize Perfect for gel pen ink or pencils Printed on high Quality White Paper Click the cover to see what s inside Get Your Copy Today [Accident and Incident Log Book](#) Mirror Publishing,2021-03-21 Why Do I Need an Accident Form Accident forms are necessary for storing evidence of an incident which has taken place They should be used in all workplaces but are also beneficial for schools sport and activity clubs and at volunteering events Even if you don t have to report an incident under RIDDOR it is still important that you make and retain a record of it It is a legal requirement for companies with more than ten employees to keep an accident book Often a responsible person will be nominated and it will be their job to ensure reported incidents are recorded in the book Your place of work or organisation may have a physical accident book or may keep them stored in a digital format What Should I Do with Accident Forms It is likely that you or someone else will need to refer to the accident form at a later date The information recorded may be required to by the HSE if they ask to see it One of the main purposes of an accident form is to help to prevent accidents from happening in the future Therefore you and your organisation need to reflect on past accidents in order to determine whether anything could have been done to avoid it For example an accident could have been the result of inadequate training or due to faulty equipment By identifying the main cause or contributing factor you will be able to put measures in place to ensure similar accidents don t happen This depends on the incident but may involve altering work practices to a safer more suitable method Alternatively you may determine that employees have a poor understanding of health and safety risks Providing all employees with sufficient training ensures they are aware of the risks and how to manage them Further you will be able to collate similar accidents and to see which may be becoming regular occurrences
