Criminology

Leonard Glick,2004 Written specifically

for today's criminology and criminal justice students Criminology is a carefully constructed comprehensive and innovative text. Its major goal is to make the complex subject of criminology understandable and interesting as well as pedagogically sound for students of criminology and criminal justice. Take a look inside this text to learn more about The Scholarship, The Pedagogy, The Integrated Focused Readings, The Built In Study Guide, What People are Saying. It is a well conceived work. It has a fresh appeal and is concisely written without sacrifice of essential material. It conveys an enthusiastic and fresh attitude about the subject matter. Rodney B. Carter, Linn Benton Community College. I was very happy to see that readings were integrated into the text. I think this is a wonderful addition. Alison Cannady, Indiana State University. The pedagogy is well executed, the elements employed by the author do in fact set apart this textbook from others. Gregory Talley, Broome County College. Outstanding book for our criminology classes. It is a complete package for the student and a great tool for the instructors. Joel Maatman, Lansing Community College.
