

ADVENTURE STORY RUBRIC

We used the Writing Diamond to plan and guide our stories. We worked very hard to create attention-grabbing beginnings, detailed settings using the five senses, and action-packed, elaborative main events. Finally, we needed to write conclusions that wrapped things up and made sense.

Your story is marked using the 6-Traits of Writing. We have used these traits as a guide for all types of writing this year. Since ideas and organization were important in different parts of the story, these were marked in a special way.

I marked Ideas and Organization separately for:

1. The Beginning and Characters ____ /3
2. The Setting ____ /3
3. The Main Event and Conclusion ____ /3

Organization	<ul style="list-style-type: none"> - the beginning effectively used one of the four techniques (setting, events, thoughts/sentences, dialogue) and a satisfying conclusion leaves the reader with a sense of closure - thoughtful transitions clearly show how ideas connect - details are clear and creative throughout; organizing is logical and effective - choice of structure matches the purpose and audience 	<ul style="list-style-type: none"> - beginning uses one of the four techniques, beginning it with the best choice, and the conclusion wraps up the conclusion - transitions usually work well; at other times, transitions between ideas are fuzzy - organizing ideas does begin, but is not clear enough to be consistently support the ideas - choice of structure clearly matches the purpose and audience 	<ul style="list-style-type: none"> - there is an end beginning technique and/or the end conclusion to wrap things up - transitions between ideas are confusing or not even present - organizing needs a lot of work - preference with organizational structure consider how far the reader is understand the purpose of the story
Ideas	<ul style="list-style-type: none"> - story is focused - quality details give the reader information that goes beyond the predictable - ideas are fresh and original; writer shows his/her writing, their experience - insight is demonstrated; a knowledge for picking out more significant points 	<ul style="list-style-type: none"> - story is not clearly focused, but reader can see where the writer is headed - support is attempted, but details are lacking - writer knowledge or experience is evident, but writer is lacking difficulty going from general ideas to specific - writer does not begin, but does not finish beyond the reference 	<ul style="list-style-type: none"> - writer is unaware of what the story is about - information is focused or confusing; lacks the most adequate for development - topic is unexplained or underdeveloped - text is repetitious, disconnected or needless
