## **Philosophy, Art(theory), and Literature (Part 2)**

Yvanka Raynova,2025-11-14 This volume is dedicated to the socio political role of art and aesthetics as well as the specific relationship between philosophy and literature Some of the issues discussed here relate to the ideological use and or abuse of art and the question of whether art should be engaged or disengaged These questions in turn lead to the need for a more precise philosophical or aesthetic definition of art and thus to a renewed clarification of the relationship between art and religion on the one hand and between literature and philosophy on the other *The Legacies of Modernism* David James,2011-10-20 An engagement with the continued importance of modernism is vital for building a nuanced account of the development of the novel after 1945 Bringing together internationally distinguished scholars of twentieth and twenty first century literature these essays reveal how the most innovative writers working today draw on the legacies of modernist literature Dynamics of influence and adaptation are traced in dialogues between authors from across the twentieth century Lawrence and A S Byatt Woolf and J M Coetzee Forster and Zadie Smith The book sets out new critical and disciplinary foundations for rethinking the very terms we use to map the novel's progression and renewal enhancing our understanding not only of what modernism was but also what it might still become With its global reach *The Legacies of Modernism* will appeal to scholars working not only in the new modernist studies but also in postcolonial studies and comparative literature

**Love, Drugs, Art, Religion** Mr Brian R Clack, 2014-04-28 In this genuinely interdisciplinary work Clack breaks new ground by using detailed explorations of the phenomena of drug use romantic love and the enjoyment of art in order to throw light on the meaning and nature of religion This book will be vital reading for anyone concerned with the fundamental questions of religious belief the psychoanalytic approach to culture or simply the unavoidable existential problems lying at the very heart of human life *Studies of Literature from Marginalized Nations in Modern China, with a Focus on Eastern European Literature* Binghui Song, 2024-04-14 This book presents the first systematic study of the 100 year history of translation research reception and influence of Central and Eastern European literature in China from the late Qing Dynasty to the end of the twentieth century This study of Eastern European literature from the perspective of Sino foreign literary relations is based on extensive research into the translation and reception of Central and Eastern European writers such as Milan Kundera Sndor Petfi Henryk Sienkiewicz Julius Fucik and Bertolt Brecht Since the late nineteenth century the major Chinese writers have paid special attention to the literature of the marginalized Eastern European nations when they have to translate from translations since few of them understand Eastern European languages The book seeks to identify what attracted the founders of new Chinese literature to Eastern European literature and to define its unique significance for the construction of modern Chinese literature **Kitsch and Art** Thomas Kulka, 2011-09-30 What is kitsch What is behind its appeal More important what is wrong with kitsch Though central to our modern and postmodern culture kitsch has not been seriously and comprehensively analyzed its aesthetic worthlessness has been generally assumed but seldom explained Kitsch and Art seeks to give this phenomenon its due by exploring the basis of artistic evaluation and aesthetic value judgments Tomas Kulka examines kitsch in the visual arts literature music and architecture To distinguish kitsch from art Kulka proposes that kitsch depicts instantly identifiable emotionally charged objects or themes but that it does not substantially enrich our associations relating to the depicted objects or themes He then addresses the deceptive nature of kitsch by examining the makeup of its artistic and aesthetic worthlessness Ultimately Kulka argues that the mass appeal of kitsch cannot be regarded as aesthetic appeal but that its analysis can illuminate the nature of art appreciation *Contemporary Chinese Art: Primary Documents* Wu Hung, 2010 Invaluable resource for anyone who wants to understand contemporary Chinese art one of the most fascinating art scenes of the late 20th and early 21st centuries **Encounter** Milan Kundera, 2020-10-09 A passionate and provocative defence of art from the author of The Unbearable Lightness of Being Are we living in an era that no longer values art or beauty This is Kundera's passionate defence of the creators who remain viscerally important to him and whose work especially the blazing newness of modernism helps us better understand our world From Francis Bacon's paintings to the films of Federico Fellini novels by Philip Roth or Fyodor Dostoyevsky as well as writers who are unjustly obscure such as Anatole France and Curzio Malaparte Kundera spiritedly champions these artists for a new generation Startlingly original and provocative and always elegant witty and ironic Kundera's argument that art is

all we have to cleave to in the face of human evil grows more powerful by the day I can t imagine reading this book without being challenged and instructed amused amazed and aroused and ultimately delighted New York Times Book Review A pan European intellectual force The elegance of his arguments and lucidity of his criticism disguised as storytelling are marks of genius seriously focused but lightly worn Times Immensely readable the volume combines the sterling virtue of good writing with emotional and intellectual engagement In short a triumph Sunday Telegraph Australian and New Zealand Journal of Art ,2001
