Difference, Deviance, Threat? Ineke van der Valk, 2002 This book examines the political discourse on ethnic issues in the Netherlands and in France It was written to highlight the socially constructed character and social effects of this discourse and its different variants and expressions and thus offer perspectives for evolution and change The underlying conviction is that discourses and thus the beliefs and knowledge that they contain are historically specific phenomena that are constructed in communities in particular times and places In other words knowledge is not as objective as it sometimes pretends to be it is affected by gender class ethno cultural origin and the political affiliations of its producers This book has been written for an international audience of academics politicians journalists policymakers and members of social movements engaged in the development of truly diverse societies and interested in the role of politics in attaining such an objective Ineke van der Valk is researcher at the Department of Discourse Studies Faculty of Humanities University of Amsterdam Prior to researching she worked as a community organizer with the migrant movement the anti racist movement and the human rights movement She has published on the history of the migrant movement in the Netherlands human rights in Morocco and the discourse on ethnic minorities in the Netherlands and France She also works as a consultant and trainer in the field of diversity management The Boy's Own Annual, 1918 *A Dictionary of Catch Phrases, British and American, from the Sixteenth Century to the Present Day* Eric Partridge, 1977 New Society, 1961 *The Publishers Weekly*, Italo Calvino, lightness and multiplicity, 1992 Design, 2005 Liverpool and Manchester Photographic Journal, 1989 Educational Assessment for the Elementary and Middle School Classroom Gary D. Borich, Martin L. Tombari, 2004 Brief and practical this popular book focuses on what classroom assessment is and how to do it and bridges the gap between testing a learner's knowledge of particular information and measuring his or her ability to transfer knowledge and think strategically Coverage encompasses all of the issues surrounding the use of classroom assessments validity reliability bias impact through targeted discussions that address everything prospective teachers need to know completely yet succinctly The authors offer a comprehensive menu of techniques for assessing not only what learners know but also how they think how they perform and how they apply what they know within authentic real world contexts For individuals administering tests and implementing
