## **How To Become A Teenage Entrepreneur:**

**Conversations with Teen Entrepreneurs** Ben Cathers, 2003-10 *Conversations with Teen Entrepreneurs* profiles three successful businesses created by teenagers. These companies were created during the booming 90s and have weathered the Internet bubble burst and are still succeeding today. The book is a fascinating read to see how teenagers are able to overcome the age barrier and succeed in a field normally reserved for adults. Each entrepreneur has his own unique story about balancing work and school, convincing customers and potential employees to trust them, and even in the midst of it all having a successful social life. The book is a must read for anyone who wants to successfully start their own business. Advice and tips on overcoming obstacles, developing marketing strategies, and learning to improve sales are just some of the tips and techniques readers will take away with them. Every entrepreneur faces nearly insurmountable challenges. However, these entrepreneurs faced twice as many challenges and they succeeded. By learning the secrets to their success, you will be given the tools to help surpass any challenge. And if not, you'll be amazed by the stories these teens have to say.

**A New Entrepreneur** Rico Suarez, 2021-03-08 Do you have great ideas for making money that you want to try? Are you fed up working for others and watching them take the credit and profit for your hard work? Is it time to change the rules and be your own boss? Working for yourself and being your own boss has an appeal that is all on its own. The idea of waking up in the morning and making your own decisions about how your day will go is a big draw, but of course, so is the idea of getting the financial rewards too. For many people who have always wanted to be their own boss, there are often certain obstacles that stand in their way, and chief among these is doubt. Inside the pages of this new book, *A New Entrepreneur: Be Your Own Boss*, you can discover what it takes to become the entrepreneur you always wanted to be. With chapters that cover the benefits of having your own business, attributes you require for success, how to be your own boss in your teens, the myriad business opportunities available, what famous entrepreneurs possess, great ideas for a future business, and more, if you have ever thought about having your own business, then you are already one step towards becoming an entrepreneur and living the life of your dreams. Now it's time to take the next step and read *A New Entrepreneur*, a book that will make your dreams a reality.

**The Young Entrepreneur's Edge** Jennifer Kushell, 1999 It seems like these days whenever you look at a newsstand at least one major business magazine has a cover story about a wildly successful entrepreneur in his or her 20s or 30s. That's not surprising when one considers that one out of every five small business owners in America is under 35 and that more young people are starting businesses than ever before. Right now, in college dorm rooms and their parents' garages, the next generation of Sam Waltons, Bill Gateses, and Michael Dells are hard at work. If you are ever going to take risks in exploring your career options, this is the absolute best time to do it, says 26-year-old entrepreneurial expert Jennifer Kushell. Why wait until you have a semi-stable corporate job and major financial obligations to discover that you hate your career and need to make a big change? Kushell is the ideal mentor for young people thinking about taking the plunge. Her very successful Young

Entrepreneurs Network educates teens and twentysomethings in 40 countries about forming their own companies. A born entrepreneur, her father and aunt are leading experts on franchising and trademark licensing respectively. Kushell presided over her own company's growth while attending college full time. Her book draws on her invaluable hands-on experience. It's not so much a 'how to start a business' book as it is a 'how to cope with life while starting and succeeding in your own business' book. The author says, 'All I can say is that this is the real deal, the real story.' With wit, candor, and exuberance for her subject, Kushell gives practical and personal insight from a young entrepreneur's point of view to help new business owners get through their first few years. The book also teaches you tricks of the trade that you can rely on to compete successfully in a business world with people twice your age and companies. God knows how many times as big she adds. 'The Young Entrepreneur's Edge' addresses key topics such as trying to obtain capital and writing a business plan, which the author says are among the biggest obstacles for young entrepreneurs. But the book also tackles critical areas that other business books rarely address, such as how to get older people to take you seriously, how not to starve when you're broke, how to win your family's approval, how to get out and meet important people, how not to get carded when entertaining clients, and other unique situations faced by young business people. Praise for 'The Young Entrepreneur's Edge': Fresh college graduates frustrated by the job search should pick up a copy of this book. 'Los Angeles Times' Can help both job seekers and job holders rethink their idea of gainful employment. 'Mademoiselle' Entertaining, fast reading, and immensely sensible. Kushell is a human dynamo. 'Sacramento Bee': Every young entrepreneur needs good ideas, and this book is full of them. 'Fred Deluca' founder and president of Subway Restaurants: It is a must read for my students. 'Kathleen R. Allen' Ph.D., The Entrepreneur Program, University of Southern California. [How to Get a Job If You're a Teenager](#) Cindy Pervola, Debby Hobgood, 2000. A guide to preparing for and carrying out a successful job search, including how to fill out an application and how to behave during an interview.
