Alvar Aalto A Critical Study Malcolm Quantrill:

Alvar Aalto Malcolm Quantrill,1983 This is a much needed and lively study of the still insufficiently known Finnish modern master Alvar Aalto whose sensitive and increasingly relevant architectural legacy will surely only increase in stature as the years unfold Kenneth Frampton **An Analysis of the Work of Finnish Architect Alvar Aalto** Laurence Keith Loftin,2005 Aalto is often called the quintessential modernist and at first glance this appears to be rightly so The forms are organic the materials compatible Yet Aalto is also the master of the ambiguous space and mystery in one building one senses history but not exactly why and in another Aalto has combed a curve to create an almost unbearable tension The Architecture of Use Stephen Grabow,Kent Spreckelmeyer,2014-10-03 By analyzing ten examples of buildings that embody the human experience at an extraordinary level this book clarifies the central importance of the role of function in architecture as a generative force in determining built form Using familiar twentieth century buildings as case studies the authors present these from a new perspective based on their functional design concepts Here Grabow and Spreckelmeyer expand the definition of human use to that of an art form by re evaluating these buildings from an aesthetic and ecological view of function Each building is described from the point of view of a major functional concept or idea of human use which then spreads out and influences the spatial organization built form and structure In doing so each building is presented as an exemplar that reaches beyond the pragmatic concerns of a narrow program and demonstrates how functional concepts can inspire great design evoke archetypal human experience and help us to understand how architecture embodies the deeper purposes and meanings of everyday life *The Concise New Makers of Modern Culture* Justin Wintle,2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present *The Concise New Makers of Modern Culture* includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach *The Concise New Makers of Modern Culture* provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms Finnish Architecture and the Modernist Tradition Malcolm Quantrill,2012-12-06 This is a unique and comprehensive study of the entire span of Finnish architecture in the 20th century Using comparative critical analysis the author weaves Aalto's contribution into his overview of the evolution of modern Finnish architecture and includes the work of a range of lesser published figures It will be of considerable interest to architects art historians and all those interested in modern Finnish architecture Reima Pietilä Malcolm Quantrill,Reima Pietilä,1985 Leven en werk van de Finse architect Reima Pietil 1923 *Journal of the Society of Architectural Historians* Society of Architectural

Historians,1984 Includes special issues *The Architectural Review* ,1986-07 The Culture of Silence Malcolm Quantrill,Bruce Webb,1998 Playwright Bertold Brecht once observed that the Finns are silent in two languages The intent of this collection of essays is to explore why the Finns are resistant to discourse speculating these impenetrable boundaries may have resulted from the architectural culture of modern Finland Architects students and general readers alike will find this book thought provoking and informative 52 photos 25 line drawings **New Makers of Modern Culture** Justin Wintle,2016-04-22 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing **Contemporary Architects** Ann Lee Morgan,Colin Naylor,1987 To strengthen the contemporary focus of this volume we have added about forty architects and have deleted some whose activity ceased before World War II In making these decisions we have been assisted by an Advisory Board As in the first volume we have continued to define the word architect very broadly so as to include planners theorists structural engineers and landscape architects whose work seems to be central to the enterprise of creating habitable spaces in our day Editor s note **Contemporary Designers** Sara Pendergast,1997 This volume offers an insight into the lives and works of the most influential designers of this era in one complete guide Some of the designers included are Kenji Ejuan frogdesign Sori Yanagi and Herman Zapf *New Makers of Modern Culture* Wintle Justin,2013-05-13 New Makers of Modern Culture is the successor to the classic reference works Makers of Modern Culture and Makers of Nineteenth Century Culture published by Routledge in the early 1980s The set was extremely successful and continues to be used to this day due to the high quality of the writing the distinguished contributors and the cultural sensitivity shown in the selection of those individuals included New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred the demise of Marxism and the collapse of the Soviet Union the rise and fall of postmodernism the eruption of Islamic fundamentalism the triumph of the Internet Containing over eight hundred essay style entries and covering the period from 1850 to the present New Makers includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley next to John Ruskin is Salmon Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping runs shoulders with Jacques Derrida Julia Kristeva with Kropotkin Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer Bernard Crick Edward Seidensticker and Paul Preston In a few cases for example Michael Holroyd and Philip Larkin contributors are themselves the subject of entries With its global reach New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms **Design Book Review** ,1986 *Art Books 1980-1984* R.R.
