dimension in our globalized digitized economy Business Ethics 3 0 by Erhard Meyer Galow provides a much needed beacon of light to a segment of our society that seem to be sinking deeper and deeper into darkness The term business ethics once an important topic within the business community has slowly descended through the fog of profitable ends justifying unprincipled means to become nothing more than a self contradictory oxymoron especially among large international corporations In Business Ethics 3 0 Erhard Meyer Galow has taken a fresh approach that appeals to individual personal growth rather than the usual proffering of academic arguments that are not implementable in the real world of relentless Machiavellian competition Only through raising and improving individual awareness and responsibility can real long term change have a chance of developing Business Ethics 3 0 is on the right track with a positive and compelling message may it succeed where the academics have failed Thomas Campbell physicist consciousness researcher author of My big TOE Finalist at the 2018 Humanistic Management Book Awards    **The Discourses of Niccolò Machiavelli** Father Leslie J.
