

AP PHYSICS UNIT I WS 1: Kinematics Part 1 Constant Velocity

1. Consider the position vs. time graph below for cyclists A and B.

- a. Do the cyclists start at the same point? How do you know? If not, which is ahead?

no, the cyclists do not start at the same point. one starts at 0, while the other starts at 5. Cyclist B is ahead. (different y intercept)

- b. At $t = 7$ s, which cyclist is ahead? How do you know?

Cyclist A. because their data is higher

- c. Which cyclist is traveling faster at 3s? How do you know?

Cyclist A.

Slope is higher than B's

- d. Are their velocities equal at any time? How do you know?

yes, at 5 seconds.

the lines cross.

- e. What is happening at the intersection of lines A and B?

they are traveling at the same speed at the same time (5 seconds)

Achieve the College Dream Maria Carla Chicuen, 2016-05-19 Students with few resources rarely apply to top colleges Even when they have the academic and extracurricular merits to be admitted to institutions like Harvard Yale and Princeton these students usually opt for less selective universities Many ignore that top colleges are actively seeking outstanding candidates regardless of their economic background What s more a great number of colleges offers generous financial aid to make sure every student can afford to attend This book is the definitive resource to help high achieving low income students access the best possible college The author draws from her extensive experience in education to provide advice on important aspects of the path to college such as pursuing a strong high school curriculum preparing for standardized exams complementing learning at school developing leadership and finding expert help and role models all through affordable strategies In the book the author also guides students through the college application and selection processes as well as the steps to obtain enough financial aid From the very first page the author sheds light on her own journey to college through deeply personal vignettes demonstrating by example that students with few resources can reach and succeed at the top universities in the United States
