Teaching in Nursing E-Book Diane M. Billings, Judith A. Halstead, 2013-08-13
Teaching in Nursing 4th Edition is the only nursing text to address all three components of education: teaching, curriculum, and evaluation. Comprehensive guidelines help you meet the day-to-day challenges of teaching, including curriculum development, the diversity of student learning styles, and developing and using classroom tests. This edition has been updated with information on the latest trends in education, including new information on the use of simulations to facilitate learning, the latest on competency-based and concept-focused curricula, developing learner-centered courses, and more. Edited by expert nursing educators Diane M. Billings and Judith A. Halstead, Teaching in Nursing is a past winner of the AJN Book of the Year award and is an excellent resource for nurses preparing to take the Certified Nurse Educator (CNE) Exam. The only nursing resource to cover teaching, curriculum, and evaluation of students, the three essential components of nursing education. Contributing authors are nationally recognized scholars in their fields of expertise. Models of teaching are used to demonstrate clinical teaching, teaching in interdisciplinary settings, how to evaluate students in the clinical setting, and how to adapt teaching for community-based practice. Teaching strategies promote critical thinking and active learning, including evaluation techniques, lesson planning, and constructing examinations. Evidence-based teaching boxes explain how to practice and apply evidence-based teaching with implications for faculty development, administration, and the institution. End of chapter summaries let you draw conclusions based on the chapter content. Open-ended application questions at the end of each chapter are ideal for faculty-guided discussion and online education. Up-to-date research looks ahead to the needs of the future.

Essentials of Research Methods for Educators Anastasia Kitsantas, Timothy J. Cleary, Maria K. DiBenedetto, Suzanne E. Hiller, 2023-10-13
Essentials of Research Methods for Educators provides future teachers, specialists, administrators, and educational leaders with a textbook and a resource that goes beyond the classroom to use in your career. With a focus on the wide variety of data available to educators and the importance of data literacy for all those involved in education, this book presents research methods in a relatable educational context with a variety of concrete examples. The authors use their expertise in educational psychology to optimize learning. The structure of the book breaks down research into discrete steps with the Let's See It, Let's Do It, and You Do It steps for each chapter so students feel motivated to

complete their research projects By covering qualitative quantitative and mixed methods research with additional chapters on action research and program evaluation students get a complete picture of the current research methods landscape This highly scaffolded book supports future educational leaders in incorporating research and methods into their work and life

Writing Successfully Richard H. Hanson, 1996 Writing Successfully is designed to offer a short but complete guide to composition and the writing process so that readers spend less time reading about writing and more time on actually writing and revising The first seven chapters of the book provide a detailed overview of the writing process while the book's remaining chapters cover the most common academic skills of critical reading argument and research

Perspectives on Argument Nancy V. Wood, 1998 This college text teaches students strategies for reading thinking and writing that they can use in all types of argument both inside and outside the classroom The author notes that modern arguments often encompass a variety of perspectives rather than a right or wrong position and do not always

A Sequence for Academic Writing Laurence Behrens, Leonard J. Rosen, Bonnie Beedles, 2004 This brief rhetoric focuses on the key academic writing strategies of summary synthesis analysis and critique Responding to the growing interest in academic writing this popular guide focuses on the critical reading and writing strategies necessary to help students interpret and incorporate source material into their own papers The text employs high interest readings from a range of disciplines to allow students to practice their summary and synthesis skills while numerous student papers model the kinds of academic texts students are expected to produce no matter what their area of study Individuals who want help with writing up researched or documented papers
