

# GRADE 11 BUSINESS STUDIES SEPTEMBER

MARKS: 100

TIME: 1½ HOURS

## INSTRUCTIONS AND INFORMATION

Read the following instructions carefully before answering the questions.

- This paper consists of THREE sections and covers FIVE main topics.  
SECTION A: COMPULSORY  
SECTION B: Consists of THREE questions.  
Answer any TWO of the three questions in this section.  
SECTION C: Consists of TWO questions.  
Answer any ONE of two questions in this section.
- Read the instructions for each question carefully and note what is required.  
Note that ONLY the first TWO questions in SECTION B and the FIRST questions in SECTION C will be marked.
- Number the answers carefully according to the numbering system used in this paper. No marks will be awarded for wrongly numbered answers.
- Except where other instructions are given, answers must be written in complete sentences.
- Use the mark allocation and nature of each question to determine the length and depth of an answer.
- Use the table below as a guideline for marking and time allocation when answering each question.

SECTION A	QUESTION	MARKS	TIME
A: SHORT QUESTIONS - COMPULSORY	1	20	15
B: THREE distinct/direct type questions CHOICE: Answer any TWO	2	20	30
	3		
C: TWO essay type questions CHOICE: Answer any ONE	4	40	45
	5	40	
TOTAL		100	90 MIN

- Start the answer to EACH question on a NEW page, e.g. QUESTION 1 – new page, QUESTION 2 – new page.
- You may use a non-programmable calculator.
- Write neatly and legibly.

## **Business Studies September Paper 2014 Grade 1:**

The College Handbook ,1987      *The Role of Intergovernmental Fiscal Transfers in Improving Education Outcomes*  
Samer Al-Samarrai, The World Bank, Blane Lewis, 2021-07-23 The majority of the world's children live in countries where local governments are responsible for the provision of basic education services. Although subnational governments manage their own education systems, they often rely on transfers from the central government for funding. The main purpose of this study is to assess how these fiscal transfers affect public funding for education and how they ultimately affect student schooling and learning outcomes. Through a careful analysis of how fiscal transfers have affected education systems in different contexts, the investigation develops a set of principles to support improvements in the design and implementation of transfer systems with a specific focus on the provision of education services. The study is centered on seven country case studies that aim to answer a set of common research questions using a similar approach. Country case studies were conducted in Brazil, Bulgaria, China, Colombia, Indonesia, Sudan, and Uganda. The analysis shows that fiscal transfer mechanisms can improve the adequacy of public education spending, reduce spending inequalities between regions, and improve spending efficiency. Moreover, the study highlights that carefully designed and implemented transfer systems can help raise overall education outcomes and reduce education inequality. This publication was funded by a grant from the Results in Education for All Children REACH trust fund at the World Bank. REACH is supported by the government of Germany through the Federal Ministry for Economic Cooperation and Development, the government of Norway through NORAD, and the government of the United States of America through the U.S. Agency for International Development.      **Crisis in the Professions** Kevin T. Leicht, Mary Fennell, 2023-03-03 Crisis in the Professions: The New Dark Age presents a wide panoramic view into the state of modern professional work in the United States. Struggling labor markets, growing inequalities, and increasing amounts of cultural and political mistrust are but a few major changes undermining the people seen as essential in society and needed to compete in a globalized, highly skilled world. The authors explore this profound dilemma through a variety of methods, each one allowing them to identify significant areas of change and concern. They address macro-level social, political, and economic forces at the root of these changes and pair these explanations with illustrative vignettes of young would-be professionals to paint a comprehensive, albeit complicated, picture of professional work in the 21st century. Amid a backdrop of increasing globalization, technological advance, and cultural devaluation of expertise, the authors point attention to the mounting implications these shifts have for new generations of professionals and consider alternative models to address signs of precarity and instability within the professions. With piercing insight and compelling evidence, Crisis in the Professions probes deeply enough to stimulate scholars and researchers invested in the sociological study of work and provides a valuable, versatile read for advanced students in these areas as well.      *Current Index to Journals in Education* ,1992      **Studies in Income and Wealth** ,1937      **Moody's Bond Survey** ,1985      *Gospel Herald* ,1941      **Wool and Cotton Reporter and**
