Mirror is remarkable in that every one of its emblems consists of a personal heraldic coat of arms of an identified statesman twinned with a pictorial engraving motto and epigram on an opposite page Van Veen's *Emblemata* enters literary history as a volume of emblem pictures consecrated to secular love experience encapsulating some of the conventions of the sonnet sequences and having a strong influence on religious love literature Each book is reproduced with critical and bibliographic introductions translation of the poems and mottos descriptions of the emblems and indices to the visual and verbal components of the works
